SPINNING GEAR

Rooster tail

Rapala

Mepps

Panther martin

Golden willow

Weight 1/16 –1/8 oz.

Colors, rainbow, orange, pink, red, yellow, black spotted, orange/black, pink/black & yellow/black

Rods 5' –6' (3-4 lb test for August lake fishing)

ALL FISHERMEN

1. Wyoming fishing license & conservation stamp (These can be obtained from the Wyoming Fish & Game department, Cheyenne, WY 83002. (307) 777-4600.
2. Polarized fishing glasses
3. Vest or fanny pack
4. Forceps or needle nose pliers (for debarbing hooks & fish releasing.)
5. Line – leader nippers
6. Waders, lightweight or featherlite boot foot waders seem to work best. Waders are necessary in June & early July. Late July & August we use waders or fish in tennis shoes.

*Make sure you have the essential items but please don't bring your entire tackle box out of the basement!!(Keep size & weight down when possible.)

Pack your gear in duffle bags of 24" or less in length. Two smaller bags of equal weight are a lot easier for us to pack on the mules than one large bag. (If you don't have the correct size duffle bags we usually have extras that you can repack in when you arrive.)

HORSEBACK RIDING

A good portion of your trip will be spent on horseback. If at all possible please try to get in some riding hours in the weeks and days before your trip. This riding time will help condition the muscles you use while riding & will help you feel more comfortable & confident around our livestock. If you ride in a guided or supervised situation it is a good idea to ask about safety practices while riding & working with horses.

MOTEL RESERVATION

For the night before & after trips most of our guests stay at the Antler Motel Box 575, Jackson WY. 83001, 1-800-522-2406. It is a good idea to make your reservations early as they are busy during the summer season.

We look forward to seeing you this summer.
